Give back to your community by participating in the Volunteer Income Tax Assistance program

Gain hands-on experience through internships with local businesses

Bachelor of Science in Accounting

Understand the role of accounting in all areas of business and finance

At UB, you'll learn how to be an accountant – and so much more. Our bachelor's degree in Accounting program provides opportunities for you to understand the industry and prepare for a rewarding future that leverages your specific interests and career goals. Graduates of UB's Accounting program have gone on to pursue fulfilling careers as investment managers, chief financial officers, financial advisors, and more!

Enjoy multidisciplinary courses taught by industry experts

Accounting professionals face a wide range of multinational issues, so you'll need to develop the technical and interpersonal skills necessary to address the industry's most prominent challenges. At University of Bridgeport, our in-depth and comprehensive curriculum will help shape you into a well-rounded accounting professional. When you earn your Bachelor of Science in Accounting at UB, you'll take interdisciplinary courses taught by faculty with decades of experience in the field — so you can gain the confidence and skills necessary to enter this fast-growing industry.

Help your community with the Volunteer Income Tax Assistance (VITA) program

As a student in our Accounting program, you'll have the unique opportunity to apply to the Volunteer Income Tax Assistance (VITA) program with the IRS, where you'll gain hands-on experience helping people in your community successfully complete and file their taxes. By participating in the VITA program, you'll sharpen the skills you've developed during your studies in real-world scenarios — providing you with a professional advantage once you enter the workforce.
